

El Viento Son Vida

Unique residence in a unique location

El Viento is a really extraordinary property in a superb location that delights with its spectacular view over the Bay of Palma and the Mediterranean Sea as well as with its excellent quality. The entire property was finished last year using only the best materials and state-of-the-art technology. The villa is in one of the most prestigious urbanisations in Son Vida and only accessible via a private road.

The constructed surface of approximately 800 m² is spread over three storeys and features five bedrooms with ensuite bathrooms. All rooms have panoramic windows, offer a fantastic view and direct access to the terraces. A highlight of this residence is the ample pool terrace with an infinity pool, a whirlpool and a summer kitchen.

The interior offers spacious, bright rooms and a fully fitted Siematic kitchen. Furthermore, this luxurious residence has a separate guest apartment with two bedrooms and two bathrooms, as well as two garages that are connected to the house via a lift.

Other exclusive features include five integrated home entertainment Bang & Olufsen systems and an intelligent home system controlled by four touch screen monitors by the German manufacturer, Jung. These features combined with its stunning location make this property truly unique.
